Subject: Health & Medical Facilities

Dear Students,

We are quite perturbed to learn that some students have had serious medical issues and yet have not brought it to our notice.

Some of it was due to ignorance of students about the facilities available and the procedures.

Some of the problems faced by students are as follows:-

- 1) Not being provided concession for treatment at Kailash Hospital.
- 2) Proper treatment not given at Hospital.
- 3) Damage caused due to carelessness at Hospital.
- 4) Vehicle not available for move to Hospital.
- 5) Medicines not available at Health Centre.
- 6) Resident Doctor not available.
- 7) Medicines being prescribed and issued by the Medical Assistant.
- 8) Medical Store not available for Specific medicines.

I would like all Students to take NOTE of the Health & Medical Support available at the University.

- 1) A Medical Assistant 24X7 on the Campus.
- 2) One EMERGENCY VEHICLE 24X7 on the Campus for evacuation to Kailash Hospital (Parked at night near Volleyball Court).
- 3) Tie up with Kailash Hospital Behror for Emergency Cases and 10% rebate on treatment.
- 4) All regular medicines are available at University Health Centre.
- 5) In case of EMERGENCY contact your Hostel Warden/Asst. Warden.
- 6) In case of problem in contacting ring up Main Reception (01494-302400) or respective Hostel Reception, which are manned 24X7.
- 7) For any move to Kailash Hospital Emergency Vehicle will be made available.
- 8) For all EMERGENCIES Hostel Warden/Asst. Warden will accompany the student.
- 9) For any specific medicine requirement – place your demand with the Tuck Shop. It will be procured within one day at MRP.
- 10) Even though Resident Doctor is not available, we can move any one to Kailash Hospital within 20-30 minutes after First Aid.

The above notwithstanding, all students are advised to bring any problem faced to Head Admin (Mr Sandeep Gupta) and to my notice without delay.

The Medical Assistant has been advised not to either prescribe or issue medicines on his own. It will be issued only with proper prescription from a doctor.

Best Regards
